

DataVision is an information technology company specialising in geographic information systems (GIS) and related services.

DataVision provides a range of spatial data and imagery related services. Our spatial data services include: data capture, analysis, manipulation, management and presentation, as well as GIS application development and training. Our imagery services include: digital ortho photography, image processing, feature extraction and mapping, design of aerial surveys, terrestrial photogrammetry and satellite imagery.

We have comprehensive expertise and experience in Antarctic Mapping with a clear focus on working with our clients to meet their needs.

If you need a custom version of this map produced please contact DataVision by emailing info@datavision.net.au.

ANTARCTIQUE ANTARTIDE

ET OCÉAN AUSTRAL E MARE DEL SUD

Compiled by
DataVision GIS Pty Ltd and Latitude Technologies Pty Ltd

Latitude Technologies is a multidisciplinary consulting company focused on developing simple, streamlined solutions and working towards sensible goals with a strong emphasis on resource efficiency and open technologies.

The main domains of work are energy efficiency, renewable energy, low impact construction and operations, process streamlining, system modelling and information technology. Latitude Technologies primarily provides research and development (R&D) and conceptual advice services, working with clients to help them develop and implement solutions.

We have comprehensive expertise and experience in Antarctic Operations with a clear focus on working towards more efficient operations in support of Antarctic Research.

If you have any comments or suggestions regarding this map please contact Latitude Technologies by emailing maps@latitude.aq.
